Vehicle Plate Number/State: _____

By signing below, it is understood that the Downtown Resident Parking Permit is intended to regulate parking on city streets. The permit has been designed for Downtown Resident's vehicles which must park in the City's right of way (e.g. not on sidewalks). The address provided is my home residence.

All parking is determined by a first come, first serve basis. If a parking space is not available on the designated block face, the Downtown Resident may use one of the parking structures or surface lot at no additional cost. Maximum time limits for parking do not apply while using this parking permit. This permit is only valid for a specific block face as determined by the Traffic Engineer. The Downtown Resident Special Use parking permit is renewed monthly at the discretion of the Parking Administration Manager.

All traffic and safety rules apply to all vehicles. In addition to parking violations, vehicles may be cited for traffic violations.

This permit is voided if holder does not pay by the 5th of every month. The parking office must be notified when permit holder changes address. These permits are not prorated and are nonrefundable.
